

## Peter Ivany for JewishCare

My lifelong involvement with the Jewish community has given me a deep understanding of the number of individuals and families that depend in some way on the services of JewishCare.

It has been a privilege for me to work closely with our strong and vibrant community and during this time to witness the breadth and depth of work that JewishCare does in caring for those less fortunate.

I believe we are fortunate to be part of a wonderful community and that it is essential to assist JewishCare to be able to continue and expand the critical work it does. For me, this definitely gives me a richer life.
